Ioana Simona Bujoreanu, M.A.

Email: ioana.bujoreanu@tch.harvard.edu

I. Simona Bujoreanu is the Research Data Coordinator at the Brazelton Institute at Children's Hospital. She is collecting and managing data for a current research project investigating newborn behavior and future temperament. This research project is a collaboration between the Brazelton Institute and Harvard University Psychology

Department. Simona is certified in Neonatal Behavioral Assessment Scale and is presently assisting the development of a revised version of the scale.

She obtained her Master of Arts degree in Child Clinical Developmental Psychology at Tufts University and her Bachelor's degree in Educational Psychology from the Titu Maiorescu University in Bucharest, Romania. Simona's clinical experience relates to her current work at Tufts University, in the Home-School Connection Program, as the Research Coordinator.
